INTRODUCTION

WHAT IS THE OLD COLONY PLANNING COUNCIL?

The Old Colony Planning Council (OCPC) was established under state statute in 1967 as a comprehensive regional agency to "prepare plans for the physical, social and economic development of the District." OCPC is one of thirteen regional planning agencies in the Commonwealth of Massachusetts. The Council was formed in response to the growing need of local communities to be able to address the multitude of problems that extend over local boundaries such as air and water pollution, transportation deficiencies, and economic distress. Such problems require cooperative action by impacted local communities and Old Colony Planning Council is the governmental mechanism available at the local level to support municipal cooperation and coordination.

The plans and recommendations of the Old Colony Planning Council are advisory only and are non-binding upon the district's fifteen member communities. The effectiveness of the Council therefore largely depends upon its ability to engage a qualified professional staff that conducts in-depth research, compiles relevant factual data, and prepares plans for addressing specific problems that have the general acceptance and support of its member municipalities.

The Old Colony Planning Council does not have the authority to regulate or mandate actions on the part of its member communities nor does it have the power to levy taxes. It is not another layer of government, but rather, a means by which local governments can work together to address problems. The Council provides a forum for local officials to identify area-wide problems, develop alternative solutions, and make recommendations to local communities based upon a regional strategy to deal with regional problems.

The Old Colony Planning Council staffs the Metropolitan Planning Organization for transportation and transit planning for the area; a designated Economic Development District by the U. S. Department of Commerce, Economic Development Administration; and the Area Agency on Aging that administers and plans for elder service needs and requirements in a twenty-three-community area of Southeastern Massachusetts. The Council is also the designated Regional Clearinghouse for the review of federal and state program applications to assure consistency with regional plans, programs, and policies and to avoid unnecessary duplication of effort in community development program activity.

WHAT DOES OCPC DO?

The activities of the Old Colony Planning Council are guided by the Annual Work Program of the Council adopted each year along with an Annual Operating Budget just prior to the start of the fiscal year. Recently, the Council's Work Program has been concentrated in three major program areas consistent with its on-going responsibilities as the Metropolitan Planning Organization for Transportation and Transit Planning; as the Area Agency on Aging; and as an Economic Development District. Accordingly, each year the Council prepares a Comprehensive Economic Development Strategy (CEDS) report, which presents a description of the area's economic conditions and establishes priorities for projects designed to improve the economy. The Council also prepares annually the Transportation Improvement Program (TIP), which establishes the priorities for the area's transportation improvements; and, the Area Agency on Aging Plan for elder services in the region. Specific technical planning reports are also generated in accordance with contractual responsibilities.

In addition, a significant portion of the Council's effort is directed toward general planning and local technical assistance programs. The Council also serves as a State Data Center and is the repository of socioeconomic data and information for each member community of the Council.

HOW IS OCPC ORGANIZED?

The Old Colony Planning Council serves a fifteen community area for general planning purposes consisting of the City of Brockton and the fourteen towns of Abington, Avon, Bridgewater, East Bridgewater, Easton, Halifax, Hanson, Kingston, Pembroke, Plymouth, Stoughton, West Bridgewater and Whitman. Each municipality is represented on the Council by one delegate and one alternate who, in the case of the City of Brockton, are appointed by the Mayor for a three-year term or, in the case of a town, by a concurrent vote of the Board of Selectmen and the Planning Board. Each community regardless of size is entitled to only one vote with the alternate authorized to vote only in the absence of the delegate from the community. There is also one at-large delegate.

The Council members establish policy, develop the program, employ the professional staff and determine the activities of the Council to be carried out by the staff.

In the case of the Area Agency on Aging, the Council is assisted in carrying out its responsibilities by the Area Agency on Aging (AAA) Advisory Committee made up of representatives from each of the twenty-three member communities that form the service area. AAA Advisory Committee members are selected by each community for service and represent the views of elders residing in the community.

In addition, the Council is assisted in its responsibilities as the staff to the Metropolitan Planning Organization for transportation and transit planning by the Joint Transportation Committee (JTC). The JTC is made up of representatives of each municipality and other individuals having a direct interest in transportation issues. The Council gains input on economic development issues from the Comprehensive Economic Development Strategy (CEDS) Committee that is advisory to the Council and is composed of local industrial development commission members, representatives of various groups and organizations working on economic development programs and representatives of business and financial organizations.

The Council meets regularly on the last Wednesday of each month at 7:30 PM in the OCPC offices located at 70 School Street, Brockton, Massachusetts. Officers of the Council include a President, Secretary, and Treasurer who are elected by the Delegates annually in April of each year. The Council holds its Annual Meeting in June and Council officers are formally installed at that meeting.

OCPC maintains a website on the Internet that can be referred to for additional information.

ACKNOWLEDGEMENTS

The Old Colony Council would like to thank the Massachusetts Highway Department (MHD) and the Old Colony Metropolitan Planning Organization (MPO) for providing the funding for this important transportation planning activity. Old Colony Planning Council would also like to thank each individual community of the OCPC Region for their time, effort and assistance with the development of this important resource.

This DataBook was prepared by the following members of the Old Colony Planning Council staff under the supervision of Pat Ciaramella, Executive Director, and the direction of Susan McGrath, GIS Coordinator, and Charles Kilmer, Transportation Program Manager.

| Halifax | |
|---------|---|
| (1) | The table of Dimensional and Density regulations calls for 40,000 sq. ft. lots while the text refers to the A-R District as accommodating houses at one-unit/acre (43,560 sq.ft) and the multi-unit regulations call for an acre per unit. Yet the bylaw does not explicitly state the minimum lot size except in the table |
| (2) | 80% of the site on a 200' by 200' grid must pass a percolation test. Ground floor living space must contain 750 sq. ft. |

Zoning Regulation Footnotes ~ Kingston

| Kingston | |
|----------|--|
| (1) | No duplexes, but accessory apartments are allowed by special permit with dimensional restrictions, not limited to family use. |
| (2) | 30,000 sq. ft. for duplexes |
| (3) | Also allows adding a unit in main building or in an accessory building predating 1/1/40 by special permit |
| (4) | No multi-unit density standard in TC text so general multi-unit standards in 5.4 presumably apply |
| (5) | Uses allowed in underlying districts subject to Wetlands Protection Act and State Building Code flood plain provisions. See bylaw. |
| (6) | Uses allowed in underlying district subject to detailed water quality protection provisions. See bylaw |
| (7) | In addition, Residential Developments Encouraging Open Space (RDEOS), a form of cluster development are allowed by special permit in R40 and R80. See dimensional regulations in the bylaw. Other innovative concepts, Planned Residential Developments (PRD) allowing duplexes and town houses with potential density bonuses; Developments with Significant Public Benefits (DSPBs) allowing density bonuses for provision of public benefits including affordable housing; and Planned Residential Developments for Seniors (PRDS) are described in detail in the Dimensional regulations (Section 5.3) which say that DSPBs are allowed in R40, but none of these are listed as permitted or allowable by Special Permit in the R20, R40 or R80 use regulations. |
| (8) | Uses underlying lot requirements except as more land is needed to meet setback requirements of 1.5 times blade tip height. |
| (9) | As per underlying district where applicable |
| (10) | 400' except for where applicant demonstrates need for greater height consistent with industry standards |
| (11) | Single family units are allowed at up to 8 units/acre; multi-family units at up to 20 units/acre. |
| (12) | KPSG is a district and a complex set of subdistricts under Chapter 40R allowing and regulating as-of-right development of a mixed-use Smart Growth community near the Kingston rail station. It operates in conjunction with adopted detailed Design Standards. See bylaw section 4.15. |
| (13) | Allowed in all but the Conservation/Recreation Subdistrict |

Commonwealth Communities

<http://www.state.ma.us/cc/index.html>

Commonwealth Communities is your resource for finding information on the 351 cities and towns in Massachusetts. Each community page, which you can find alphabetically or by [county](#), has links to information provided by state agencies. You can find public school and community profiles, summaries of municipal finances, state legislators, regional offices for a variety of state agencies, and more. Also included are links to official city/town and public school websites, and other community sites that provide substantial civic information. The Secretary of the Commonwealth has a page for [Unincorporated and Unofficial Names of Massachusetts Communities](#) that will tell you the official city or town other communities are part of.

Harvard Geospatial Library

<http://peters.hul.harvard.edu:8080/HGL/jsp/HGL.jsp>

The Massachusetts Electronic Atlas, available here, contains about 250 kinds of data layers about the state. It covers diverse topics such as mortality, tourism, crime, and education. The atlas focuses on data not readily accessible on other sites. It is not an atlas that will show you how to drive to a certain neighborhood in a specific town. Instead it is designed to give you the ability to make comparisons between the different towns and counties of Massachusetts.

GeoGraphics Lab

<http://geolab.bridgew.edu/home/>

This site is maintained by the GeoGraphics Lab at the Moakley Center for Technological Applications, Bridgewater State College, Bridgewater, MA. Data includes: All fixed-route buses in the U.S. recorded as GIS route systems and as line databases, stored in various proprietary formats. Level of Service spreadsheets for each route in each bus system, including days and hours of service and frequency of service during the day and Service area maps – area databases of cities and towns comprising the service area with contact information for each.

Transportation

The Massachusetts Highway Department

<http://www.mhd.state.ma.us/>

MHD conducts an annual traffic data collection program. This data is available by auto route and city/town. You can view data for a specific town from the [District Index](#), or for numbered routes, Park & Rides and rest stops.

The Executive Office of Transportation and Public Works

<http://www.eot.state.ma.us>

The Executive Office of Transportation and Public Works is charged with the responsibility of providing efficient, safe, clean and cost-effective transportation systems and services. The agency carries out this vital function by overseeing the design, operation and construction of superior facilities, and by developing and implementing quality programs and services for its highways, mass transit systems, railroads, airports and watercraft.

U.S. Department of Transportation

<http://www.dot.gov/>

United States Department of Transportation – Federal Highway Administration

<http://www.fhwa.dot.gov/index.html>

The FHWA is a part of the Department of Transportation and is headquartered in Washington, D.C., with field offices across the United States.

The Federal Highway Administration Program

<http://www.fhwa.dot.gov/programs.html#first>

Provides federal financial assistance to the States to construct and improve the National Highway System, urban and rural roads, and bridges. The program provides funds for general improvements and development of safe highways and roads.

The Federal Lands Highway Program

<http://www.fhwa.dot.gov/flh/index.htm>

Provides access to and within national forests, national parks, Indian reservations and other public lands by preparing plans, letting contracts, supervising construction facilities, and conducting bridge inspections and surveys.

Traffic Volume Trends

<http://www.fhwa.dot.gov/ohim/tvtw/tvtpage.htm>

Monthly report based on hourly traffic count data. This data, collected at approximately 4,000 continuous traffic counting locations nationwide, is used to determine the percent change in traffic for the current month compared to the same month in the previous year.

USDOT Environmental Justice Website

<http://www.fhwa.dot.gov/environment/ej2.htm>

Statewide and Metropolitan Transportation Planning

<http://www.fhwa.dot.gov/planning/index.htm>

Their planning pages contain information on various issues and programs related to transportation planning for our local, rural, metropolitan, state, tribal, other federal partners, and interested citizens. If you don't see the topic for which you are looking, check out the [Subject Index](#).

Traffic Analysis Tools

<http://ops.fhwa.dot.gov/trafficanalysistools/index.htm>

The toolbox is designed for use by metropolitan planning organizations (MPOs), state departments of transportation (DOTs), and other analysts who wish to assess a range of impacts in regional transportation and/or land use planning. Impacts of interest may include economic development, environmental justice, accessibility, land development, wetland and habitat impacts, and other social and environmental measures associated with transportation investments and land use policies.

Policy/Guidance

<http://www.fhwa.dot.gov/hep/legreg.htm>

Statewide and metropolitan transportation planning processes are governed by Federal law and applicable state and local laws if Federal highway or transit funds are used for transportation investment.

Planning Glossary

<http://www.fhwa.dot.gov/planning/glossary/index.cfm>

Search the Planning Glossary to help you in understand planning terms and acronyms.

Massachusetts Bay Transportation Authority

<http://www.mbtta.com/>

Institute of Transportation Engineers

<http://www.ite.org/>

The Institute of Transportation Engineers (ITE), an international individual member educational and scientific association, is one of the largest and fastest-growing multimodal professional transportation organizations in the world. ITE members are traffic engineers, transportation planners and other professionals who are responsible for meeting society's needs for safe and efficient surface transportation through planning, designing, implementing, operating and maintaining surface transportation systems worldwide.

National Cooperative Highway Research Program (NCHRP) and Transit Cooperative Research Program (TCRP)

<http://www.trb.org/CRP/NCHRP/NCHRP.asp>

The National Cooperative Highway Research Program (NCHRP) and Transit Cooperative Research Program (TCRP) are applied, contract research programs with the objective of developing near-term, practical solutions to problems facing transportation agencies.

Transportation Research Board

<http://nationalacademies.org/trb/>

The Transportation Research Board (TRB) is a unit of the National Research Council, a private, nonprofit institution that is the principal operating agency of the National Academy of Sciences and the National Academy of Engineering. The Board's mission is to promote innovation and progress in transportation by stimulating and conducting research, facilitating the dissemination of information, and encouraging the implementation of research results.

National Highway Traffic Safety Administration

<http://www.nhtsa.dot.gov/>

Federal Transit Administration

<http://www.fta.dot.gov/>

FTA is the federal agency which helps cities and communities nationwide provide mobility to their citizens. Through its grant programs, FTA provides financial & planning assistance to help plan, build, & operate rail, bus & paratransit systems. The agency also assists in the development of local & regional traffic reduction. This page provides access to sites with transit and transportation related information and a variety of government sites.

Massachusetts Transit Links

http://www.apta.com/links/state_local/ma.cfm

Bureau of Transportation Statistics

<http://ntl.bts.gov/>

The National Transportation Library was established in 1998 through the Transportation Equity Act for the 21st Century and serves as a repository of materials from public, academic and private organizations. The National Transportation Library is administered by the Bureau of Transportation Statistics in cooperation with its federal, state, and local partners.

Traffic Calming

<http://www.trafficcalming.org/>

Your complete guide to traffic calming and neighborhood traffic management, including: their impacts on speeds, traffic volumes, and safety; their drawbacks; past experience in the United States and around the world; and lots of examples.

Northeast Area Roundabouts

<http://members.cox.net/near/>

Roundabouts and resources in the Northeast.

American Public Transportation Association

<http://www.apta.com/>

American Planning Association

<http://www.planning.org/>

AICP is the American Planning Association's professional institute, providing recognized leadership nationwide in the certification of professional planners, ethics, professional development, planning education, and the standards of planning practice.

MA-APA (American Planning Association – Massachusetts Chapter)

<http://www.massapa.org/>

The Travel Model Improvement Program (TMIP)

<http://tmip.fhwa.dot.gov/>

The Travel Model Improvement Program (TMIP) is a multi-year, multi-agency program to develop new travel demand modeling procedures that accurately and reliably forecast travel for a broad range of modes, policy actions and operational conditions.

State Transportation Library of Massachusetts

<http://www.stlibrary.org/>

The State Transportation Library of Massachusetts provides reference and research services serving the transportation community. The Library's collection covers all modes and aspects of transportation. Resources include materials on Transit, Rail, Motor Vehicles, Roads, Bridges, Pedestrians, Bicycles, and Design and Planning

Turner-Fairbank Highway Research Center (TFHRC)

<http://www.tfhrc.gov/>

The Turner-Fairbank Highway Research Center (TFHRC) is a federally owned and operated research facility in McLean, Virginia. TFHRC provides FHWA and the world highway community with the most advanced research and development related to new highway technologies. The research focuses on providing solutions to complex technical problems through the development of more economical, environmentally sensitive designs; more efficient, quality controlled constructions practices; and more durable materials.

Brockton Area Transit (BAT)

<http://www.ridebat.com/>

Greater Attleboro and Taunton Regional Transit Authority (GATRA)

<http://www.gatra.org/>

Quality of Life, Housing, Health, & Elder Services

Mass.Gov

<http://www.mass.gov/?pageID=mg2constituent&L=2&L0=Home&L1=Resident&sid=massgov2>

The Commonwealth's Homepage with links to all agencies

Elder Affairs Website

http://www.mass.gov/?pageID=eldersutilities&L=1&sid=Elders&U=welcome_message

The information provided on this website is designed to assist elders and their families with answers to questions about services and opportunities available to seniors and their caregivers in Massachusetts.

The Massachusetts Community Health Information Profile

<http://masschip.state.ma.us/>

MassCHIP is a dynamic, user-friendly information service that provides free, online access to these and many other health and social indicators. With MassCHIP, you can obtain community-level data to assess health needs, monitor health status indicators, and evaluate health programs.

Massachusetts Coalition for the Homeless

<http://www.mahomeless.org/home/home.html>

Founded in 1981, the Massachusetts Coalition for the Homeless was the first statewide advocacy organization for the homeless in the nation.

Family Shelters in Southeastern Massachusetts

<http://www.mahomeless.org/shelter/expfamsheltersemass1.html>

Family Shelters in Greater Boston

<http://www.mahomeless.org/shelter/expfamshelterboston1.html>

The Department of Housing and Community Development

<http://www.mass.gov/dhcd/>

Offers programs, housing and funding to communities to serve those with low to moderate incomes.

The AIDS Housing Corporation

http://www.ahc.org/publications_housing.html

Publishes a Directory of HIV/AIDS supported housing programs in Massachusetts.

The Massachusetts Office on Disability

<http://www.mass.gov/mod/MunicipalADACoordinators.html>

List of Americans with Disabilities Act (ADA) Coordinators for their communities.

The Massachusetts Commission on Indian Affairs

<http://www.mass.gov/dhcd/ia/default.htm>

Information on Native American populations in Massachusetts.

The Office of Elder Health

<http://www.mass.gov/dph/fch/elderhealth/index.htm>

Bureau of Family & Community Health

<http://www.mass.gov/dph/fch/forfams.htm>

The F.O.R. Families Program is a home visiting program whose primary goal is to help families' transition from homelessness to stable permanent housing. This is a joint program of the Massachusetts Department of Transitional Assistance and MDPH's Center for Family and Community Health. For more information about this program, please contact Melissa Marlowe a t617.624.5976.

MSPCA

<http://www.mspca.org/site/PageServer>

Adoptions are a primary focus of the MSPCA animal care and adoption centers.

ASPCA, American Society for the Prevention of Cruelty to Animals

<http://www.aspca.org/site/PageServer>

The ASPCA has developed a guide that provides information on how to care for a pet during an emergency. Some individuals may not want to leave a pet unattended during an emergency, and this guide can help them prepare in advance
