## 9. National Highway Freight Network - Critical Rural and Urban Freight Corridors Updates Proposed for the Old Colony Region

- Review and Potential Release to Public Review and Comment Period

Shawn Bailey discussed the National Highway Freight Network within the Old Colony Region.

MassDOT's current Freight Plan, released in 2023, is in the process of being updated and they are working with MPOs to designate freight corridors in their regions. There are 17 requirements that must be met for Freight Plans, the third of which involves MPOs:

3. Listing of multimodal critical rural freight facilities and corridors designated within the State under section 70103 of this title; and critical rural and urban freight corridors designated within the State under section 167 of title 23

# OLD COLONY METROPOLITAN PLANNING ORGANIZATION (MPO)

Starting in May 2026, MassDOT will start working on stakeholder interviews as well as data collection and analysis. Followed will be four Freight Advisory Committee/public engagement meetings in September and November 2026 & February and April 2027. They will develop the plan through May with submission of the final draft in May and anticipated approval of the 2027 Massachusetts Freight Plan in August 2027.

Across the state, MassDOT has 166.58 miles of roadways available to be designated as Critical Rural Freight Corridors (CRFCs) and 75.6 miles of roadways available to be designated as Critical Urban Freight Corridors (CUFCs). ## 10. Old Colony MPO Continuing, Cooperative, and Comprehensive (3C) Memorandum of Understanding (MOU) - Review and Update Summary

Charles Kilmer discussed the Old Colony 3C MOU and then discussed the proposed revisions. The metropolitan planning process establishes a Continuing, Cooperative, and Comprehensive (3C) framework for making transportation investment decision in metropolitan areas. As such, the Old Colony MPO is the forum for cooperative decision-making involving prioritization and allocation of federal transportation funding by Signatories of chief elected officials of local governments, regional authorities, and regional agencies, and state transportation agencies in the Old Colony Region.

Following review and comment, the Draft MOU will be revised, and subsequently circulated to chief elected officials, MassDOT, FHWA, FTA, JTC, and the MPO for additional review. Following the second review, a revised Draft MOU will be prepared and presented to the MPO for consideration of endorsement.

Key elements of the Continuing, Cooperative, and Comprehensive (3C) MOU include:

- Composition
- Functions
- Operation
- Responsibilities of Each Signatory
- Objectives of the 3C Process
- Functions of the Joint Transportation Committee (JTC)
- Staff and Financial Resources for Planning

**Agenda Item 8**  
**National Highway Freight Network - Critical Rural and Urban**  
**Freight Corridors Updates Proposed for the Old Colony Region**  
▪ **Public Comments and Potential Endorsement**

**Summary**

MassDOT's current Freight Plan, released in 2023, is in the process of being updated and they are working with MPOs to designate freight corridors in their regions. There are 17 requirements that must be met for Freight Plans, the third of which involves MPOs:

3. Listing of multimodal critical rural freight facilities and corridors designated within the State under section 70103 of this title; and critical rural and urban freight corridors designated within the State under section 167 of title 23

Starting in May 2026, MassDOT will start working on stakeholder interviews as well as data collection and analysis. Followed will be four Freight Advisory Committee/public engagement meetings in September and November 2026 & February and April 2027. They will develop the plan through May with submission of the final draft in May and anticipated approval of the 2027 Massachusetts Freight Plan in August 2027.

Across the state, MassDOT has 166.58 miles of roadways available to be designated as Critical Rural Freight Corridors (CRFCs) and 75.6 miles of roadways available to be designated as Critical Urban Freight Corridors (CUFCs). OCPC was provided with 1.44 miles to designate as CRFCs and 9.64 miles to designate as CUFCs.

On January 20, 2026, the Old Colony Metropolitan Planning Organization voted unanimously to release National Highway Freight Network - Critical Rural and Urban Freight Corridors Updates to a 21-Day Public Review and Comment Period.

**Summary**

**Abington - Intersection improvements at Randolph Street, Richard A Fitts Drive (Route 139), and Chestnut Street**

**Tuesday, March 10, 2026 at 6 p.m.**

A Virtual Design Public Hearing will be hosted on the MassDOT website below to present the design for the proposed project in Abington, MA.

The purpose of this hearing is to provide the public with the opportunity to become fully acquainted with the proposed project. All views and comments submitted in response to the hearing will be reviewed and considered to the maximum extent possible.

The proposed project consists of geometric improvements to address safety concerns. The preferred alternative is a traffic signal with 11-foot travel lanes, 2-foot shoulders dedicated, and 10-ft turn lanes on Route 139. On Chestnut Street, a 7-foot sidewalk on the southbound side along Laidler Field, and a 5-foot buffer with a 10-foot two-way

shared use path on the northbound side is proposed. The bike lanes on Route 139 will be buffered. Pedestrian crossings are also proposed through all four legs of the intersection with pedestrian signalization.

A secure right-of-way is necessary for this project. Acquisitions in fee and permanent or temporary easements may be required. The Town of Abington is responsible for acquiring all needed rights in private or public lands. MassDOT's policy concerning land acquisitions will be presented in the hearing.

Project inquiries, written statements and other exhibits regarding the proposed undertaking may be submitted to Carrie E. Lavallee, P.E., Chief Engineer, via e-mail to [MassDOTProjectManagement@dot.state.ma.us](mailto:MassDOTProjectManagement@dot.state.ma.us) or via US Mail to Suite 7550, 10 Park Plaza, Boston, MA 02116, Attention: Project Management, Project File No. 612525. Statements and exhibits intended for inclusion in the hearing transcript must be emailed or postmarked no later than ten (10) business days (14 calendar days) after the hearing is hosted.
